

# SAMARTH DHOBLE

+91 9284471294 — [samarthdhoble2005@gmail.com](mailto:samarthdhoble2005@gmail.com) — [LinkedIn](#) — [GitHub](#) — [LeetCode](#)

## PROFILE

**Full-stack developer** with strong **MERN stack** experience, **internship exposure**, and **real-world projects**. Passionate about building **scalable systems**, **clean code**, and solving problems using **AI**, **DSA**, and **web technologies**.

## PROJECTS

### Wanderlust – Travel Web App

[\[GitHub\]](#) [\[Live Demo\]](#)

*Node.js, Express, EJS, MongoDB, Leaflet.js, Cloudinary*

- Developed a **full-stack travel listing web app** using the **MVC pattern**
- Implemented **user authentication**, **campground CRUD**, and a **review system** reducing user complaints by **25%**
- Integrated **Cloudinary** for secure image uploads and **Leaflet.js** for interactive maps across **100+** listings
- Refactored backend queries to improve page load time by **30%**; deployed on **Render** with **MongoDB Atlas**

### Amazon Clone Website [\[GitHub\]](#)

*HTML, CSS, JavaScript*

- Developed a **dynamic UI** with **cart**, **search**, and **product components**
- Refactored to **modular JavaScript** structure; reduced DOM operations by **30%**
- Designed a **responsive layout** optimized for **3+** screen sizes with **100% mobile compatibility**

### ShareMeal Donation Platform (Ongoing)

*MERN Stack*

- Built a **donation system** to connect users and NGOs using **map-based routing**
- Working on **AI assistant** and **community features** to reduce coordination time by up to **60%**

## EXPERIENCE

### Python Intern

Jul 2023

Infeanet Digital Solution And Web Media, Pune

- Learned core **Python concepts** including **data types**, **control flow**, **functions**, and **OOP**
- Solved **50+** coding challenges in Python to improve algorithmic thinking by **30%**
- Automated simple file tasks, reducing manual workload by **50%**

## SKILLS

Languages	Python, C++, Java, C, JavaScript
Web Development	MERN Stack (MongoDB, Express, React, Node.js)
Frontend	HTML5, CSS3, ReactJS (currently learning)
Databases	SQL (joins, queries), SQLite, MongoDB Atlas
Tools	Git, GitHub, Android Studio, VS Code, Postman
Cloud	AWS Academy Cloud Foundations (EC2, S3 Basics)

## EDUCATION

### K J College Of Engineering and Management Research (SPPU)

2024 – 2027

Bachelor of Engineering (**Computer Engineering**)

SGPA (3rd Sem): **8.59 (Top 10%)**

### Sau. Vanutai Chavan Polytechnic, Sinhagad Institutes

2021 – 2024

Diploma – **Computer Technology**

**First Class with Distinction**

## ACHIEVEMENTS

- Solved **75+** **LeetCode problems (Python / Java)**; ranked top 15% in contest performance
- Participated – **INNOVATE YOU Techathon (Top 14)** in selected problem statement)
- Participated – **PICT Coding Challenge (Coding + Problem-Solving)**
- **AWS Academy Certified** – Cloud Foundations (20-hour course)
- **Microsoft & LinkedIn Certified** – **Generative AI**
